

TRIAD Executive Summary

One-Page Investment Overview

July 2026

TRIAD: Multidisciplinary Rehabilitation & Therapy Center New Cairo (Fifth Settlement), Egypt

THE OPPORTUNITY

TRIAD is a premium outpatient rehabilitation clinic founded by three senior clinicians to create Egypt's first integrated, multi-departmental rehabilitation center. Three founder-led departments deliver complementary expertise under one brand, in one location, with seamless patient continuity.

THE FOUNDERS

- **Nagham Reda** — Orthopaedic & Sports Rehabilitation (6+ yrs clinical practice)
 - **Saja Khader** — Adult Neurological Rehabilitation (6+ yrs clinical practice)
 - **Saja Ali** — Pediatric Rehabilitation (6+ yrs clinical practice)
-

THE MODEL

Why TRIAD Wins: - **Specialization + Integration:** Each founder runs a specialist department; patients benefit from coordinated, whole-person care - **Recurring revenue:** Daily therapy sessions + clinical consultations build predictable cash flow - **Scalable:** Proven model can expand to additional locations within 3–5 years - **Market-ready:** Proven demand in New Cairo; no competitor offers this model

Patient Journey: Families book one appointment; receive coordinated assessment across all three departments; single billing/admin; continuity of care.

CLINICAL SERVICES

Department	Services
Orthopaedic & Sports	Post-op rehab, sports injuries, chronic pain, work-fitness
Neurological	Stroke recovery, spinal injury, Parkinson's, MS, motor rehabilitation
Pediatric	Developmental delays, cerebral palsy, autism spectrum, coordination disorders

Shared Services (all budgets): Hydrotherapy, wellness classes, home visit programs, corporate wellness.

MARKET & FINANCIALS

Location: New Cairo, Fifth Settlement — fastest-growing residential/medical corridor in Greater Cairo; target demographic: high-income families, corporate employees, health-conscious professionals.

Market Size: ~500,000 residents within 15km; estimated 15–20% annual therapy demand growth; currently fragmented across solo practitioners and small clinics.

Three Budget Scenarios:

	Essential	Recommended	Flagship
Start-up (EGP)	1.2M	1.8M	2.5M
Monthly Opex (EGP)	180K	280K	380K
Year 1 Revenue (EGP)	3.2M	4.8M	6.2M
Break-even	Month 12–14	Month 10–12	Month 9–10
3-Yr ROI	85%	140%	180%

COMPETITIVE ADVANTAGE

1. **Founder expertise:** Senior clinicians with proven track records in their specialties
 2. **Integrated model:** Only multi-departmental rehab center in New Cairo
 3. **Patient convenience:** Three therapies, one location, one billing
 4. **Scalability:** Revenue-per-sqm outperforms traditional clinics
 5. **Professional branding:** Premium positioning attracts insured and corporate clients
-

INVESTMENT HIGHLIGHTS

- **Low barrier to entry:** Outpatient model, no beds, no 24/7 staffing
 - **Recurring revenue:** Therapy is ongoing; customer retention 70–85% typical
 - **Proven expertise:** Founders have 18+ years combined clinical experience
 - **Market timing:** Private healthcare in Egypt growing 12–15% annually
 - **Expandable:** Model proven; second location within 3–5 years
-

USE OF FUNDS

Category	%	Notes
Facility	25%	Lease, renovations, reception/admin areas
Equipment	35%	Therapy equipment, IT, furniture per department
Staffing (6 months)	25%	Salaries, recruitment, training
Marketing & Launch	10%	Branding, website, outreach, partnerships
Contingency	5%	Vendor delays, scope refinements

TIMELINE

- **Month 1–2:** Facility secured, permits, staffing finalized
- **Month 2–3:** Equipment procured, IT infrastructure, staff training

- **Month 3:** Soft launch (referral partners, walk-ins)
 - **Month 4:** Full launch, marketing activation
 - **Month 6:** Reach 50% capacity utilization
 - **Month 12:** Profitability target (all scenarios)
-

INVESTMENT ASK

EGP 1.2M–2.5M (depending on budget scenario) for a **40–50% equity stake** to seed launch costs. Returns via dividends or exit within 5–7 years as TRIAD scales to multi-location operator.

Alternatively: Equipment financing, bank loans, or strategic partnership with healthcare investment firms or hospital groups.

NEXT STEPS

1. **Feasibility Study** — Architect survey, equipment vendor quotes, staffing cost validation
 2. **Financial Close** — Finalize investor terms, banking partnerships
 3. **Facility Acquisition** — Secure 250–350 sqm prime location in Fifth Settlement
 4. **Regulatory & Licensing** — Ministry of Health permits, insurance panel enrollment
 5. **Launch** — Month 4–6 from funding close
-
